Welcome...
to our **Annual Report**

This Annual Report is our report to you on how we have managed your homes and neighbourhoods over the last year. It contains our key performance facts and figures from **1st April 2010 to 31st March 2011** as well as other information that you have told us would be useful to know.

Residents have been part of the team involved in producing this report, from deciding how it was laid out and delivered to the content included. They have also interviewed some of our management team to get answers to those questions you ask us most.

There are many opportunities for residents to get involved to help us improve the service we provide – I would like to thank those of you that work with us to make your homes and communities a better place to live and would encourage others to join us too.

I do hope you find the report full of information that helps you to learn more about the service we provide and how we are measuring up as your landlord and I look forward to meeting many more of you at events and meetings over the coming year.

Tony Cotter
Chief Executive

Deborah Frimpong

Managing our business

Our board, Chair and Chief Executive all need to know what is important to you when making decisions about how Gallions services are run. A resident member of the main board, Deborah Frimpong, is also the Chair of the Gallions Residents Group (GRG) and so is able to see decisions being made across the organisation. Here she tells Emma Turner about her role.

How does Gallions manage its services?

At Gallions the 'Strategic Board' (Board of Gallions Housing Association Limited) is made up of 4 Independent Members, 2 Resident Elected members and the Chief Executive. The Board sets the strategy, values and direction for Gallions and then gives some of its power for decision making to nominated committees and members of staff. There are four formal committees:

Audit Committee - who make sure we have proper financial management
Customer Services Committee - sets and monitors the strategy for customer services
Remuneration Committee - makes sure that employment policies help to recruit and retain staff at a cost that is reasonable and within any legal requirements.
Investment Appraisal Committee - helps to agree and consider the risks of new projects

What do the GRG do and how are they connected to the Board?

They are the formal interface between Gallions and residents. Residents on the GRG receive free training to build their skills in holding meetings, writing reports, etc. They meet with Gallions' executive team once every three months and the Resident Engagement team monthly. The GRG has champions for different services and also has three representatives on our Customer Services Committee. I am one of two residents that also sit on the main Board who meet quarterly.

How has the GRG's input changed the services Gallions provide?

Through GRG input in the last year we have changed the Complaints Policy and Rechargeable Repairs Policy and now Gallions give B&Q vouchers to new tenants for decoration. We have made the home improvements form easy to use and understand. We have also helped shape many other policies and changed the way services are delivered.

What are the GRG going to be doing next?

The GRG have recently become a scrutiny group and their work on this began in September 2011. They now regularly scrutinise Gallions' performance in greater detail assessing performance against costs and quality. They ask managers to account for any failings and find out what improvements can be made.

Gallions Board Members...

Tony Cotter (Executive Board Member - Chief Executive of Gallions HA)
Was appointed to the Board in January 2009. Tony joined Thamesmead Town in 1996 and became Chief Executive of Gallions in May 2000. Prior to this he was a senior management consultant working with local authorities and housing associations and has spent his entire career working in the social housing sector. Tony was a founder member of Quality Housing Services which was set up to improve customer services for residents within social housing.

John Sands (Chair)
Joined the Board in 2009. John was Chief Executive of the Mhs homes group until his retirement in 2009. He has spent his career in social housing and was previously housing manager at Medway Council.

Deborah Frimpong (Resident Elected Member)
Has over 21 years experience in the voluntary sector. Deborah lived in Canada working as a dental nurse for 25 years returning to Thamesmead in 1997. Deborah is now self-employed with her husband in a church ministry in Thamesmead. Deborah sits on several community groups and is the Chair of the Gallions Residents Group.

Corine Meier (Resident Elected Member)
Joined the Board in 2009, she has been a shared owner with Gallions for three years. Corine currently works for the National Housing Federation and is responsible for international relations and EU policy. She has also worked with the Audit Commission as a housing inspector.

Ponniah Rasaneasan (Independent Member)
Joined the Board in 2009 and is part of the Audit and Remuneration Committees. Rasan is a finance professional and has worked at Director level in the public, voluntary and private sectors. His most recent role was as Finance Director for a social landlord.

Wendy Pritchard (Independent Member)
Joined the Board in 2007 and is Chair of the Audit Committee. Wendy has been a practicing solicitor since 1975 and currently works for Berkeley Homes where she heads their legal team. Wendy was a board member of Beaver Housing Association, now part of L&Q.

Peter Worthington (Independent Member)
Joined the Board in 2010. He currently provides consultancy services for public and private companies in the UK and other countries. Peter has spent 23 years working internationally in a variety of senior management roles. In the not for profit sector he is a non-executive director of Hammersmith & Fulham PCT and works with Business Dynamics to provide entrepreneurial coaching to young adults.

This year Gallions took ownership of 253 new homes. In total we now manage:

Rented homes	5201
Leasehold homes	425
Shared ownership homes	343
Other homes	180

Types of rented homes we manage:

4 & 5 beds	654
3 beds	1185
2 beds	1358
1 bed	1946
Bedsits	58

This year we have helped over 491 new households move into rented homes, here is how they were allocated:

Transfers	94
Local Authority Nominations	330
Other	67

Rent & Service Charges...

The rent money that we collect from you each year gives us the income to provide the best services possible for you and your family, as well as helping us to introduce community improvements.

There are many ways in which you can pay your rent and service charges including direct debit, payment card and online at www.gallionsha.co.uk by using our new myhomeonline service.

This year we have...

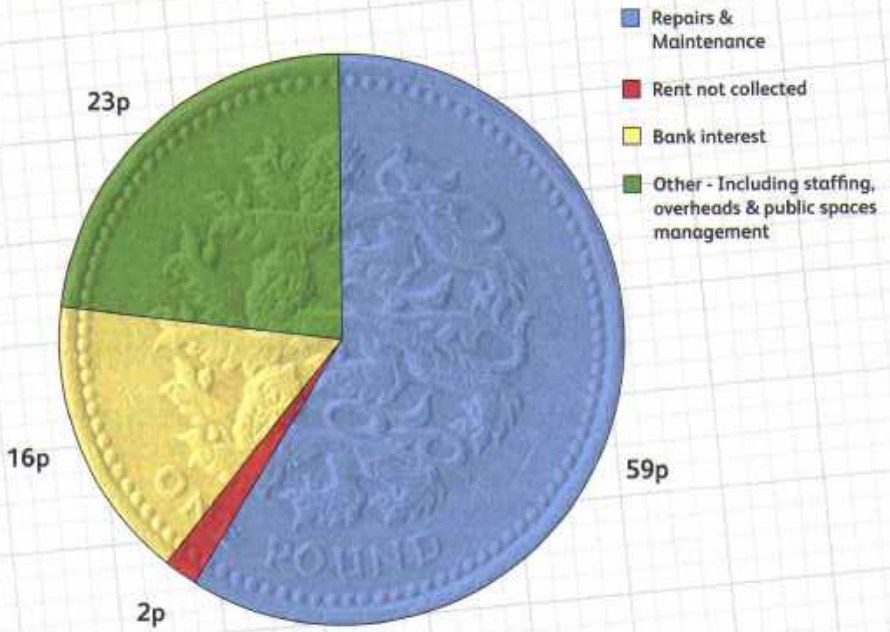

- Collected £28,200,000 in rent and service charges
- Issued 345 notices for final rent demands
- Evicted 27 tenants for non payment of their rent

Average Rent per week, excluding service charges (£):	Gallions HA	Amicus Horizon*	Hyde*	Moat*
Bedsit	60.31	-	-	-
One bed	69.89	85.52	85.09	81.26
Two bed	82.69	101.87	97.31	95.89
Three bed	95.87	-	109.28	106.49
Four bed	103.93	-	128.09	104.27
Five bed	119.49	-	-	-

*based on average figures from the Tenants Services Authority website

How your rent money is spent...

For every £1.00 of rent we receive this pie chart shows you how we spend it:

	2009/10 Actual	2010/11 Target	2010/11 Actual	Trend	Target Achieved?
Rent Arrears	4.5%	4.6%	4.6%	▼	☺
Rent Collection	98.7%	100%	99.9%	▲	☹

Getting Value for money

David Masters

To help explain how we use the rent money collected and how Gallions try to give residents value for money, Resident Editor Roberta Avwerosuo-Adeda chatted to David Masters, Gallions Head of Finance to find out more.

"Gallions is unique in that, in Thamesmead, it owns and therefore manages parks, open spaces and canals"

How do Gallions try to offer value for money for residents?

Where possible, we try to compare our expenditure against other housing associations to check we are not over or under charging for services. We also carry out reviews of different services to make sure they are working as effectively as possible. We also set up our budget process to be driven by keeping costs low and have a group that challenges the budget decisions.

How does Gallions rent and service charges compare with other housing associations?

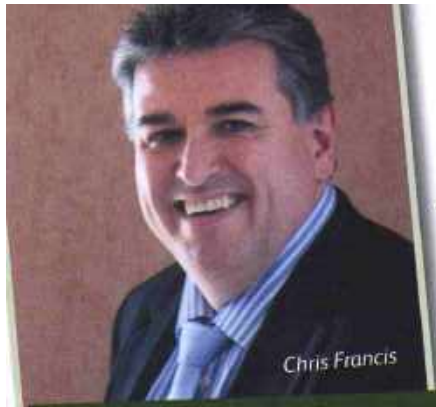

Service charges can be very different depending on a number of factors such as the communal area size and type. Therefore, it is difficult to have a direct comparison. Gallions is very unique from other housing associations as in Thamesmead, it owns and looks after parks, open spaces and canals. To provide this service some of the costs are covered by estate charges.

What efficiency savings has Gallions made over the last year and what are they planning for the coming year?

This year we have negotiated new printer contracts, IT software licences, maintenance contracts and bank charges to reduce overheads.

There was only a small increase in wages for Gallions' staff but the final salary pension scheme has been closed to new staff and we reduced the staff costs by 5% through wage freezes and vacant posts not being filled. We should reduce spend (excluding salaries) by 4% this financial year and we will be tendering with suppliers of our insurance, audits, mobile phones and gas safety contracts to get further value for money. An extension in our contract with Axis has led to cost savings now and for the future.

If you are having trouble paying your rent contact our Revenue team on **0300 123 1237** who can give you advice.

Chris Francis

Your Home & Repairs

Gallions Head of Asset Management, Chris Francis, tells Roberta how the maintenance of your homes is planned and where the money is spent.

How do you decide which properties have planned maintenance carried out on them?

In 2009 Gallions carried out a survey to tell us what works needed doing and where, over a 30 year period. Planned maintenance will be done on a neighbourhood basis, starting where works needs doing most. This can be very difficult in a place like Thamesmead where most of the homes are a similar age and therefore, start to wear at the same time.

How long do you plan in advance the planned maintenance programme?

Although we look quite far ahead, the actual work we plan is normally about five years in advance. Currently we have a plan taking us to 2017 and it will cost around £19 million. Planning works in this way means we can be fairly accurate about the cost and the timings.

What does the planned maintenance programme include this coming year?

This year we will be concentrating on the Moorings area. Doing both internal and external works. Half the blocks in the area will start with internal works, and the other half with external works, which means that after a few years, everybody should have had some works done. There are also smaller works being done in different areas. Check out this years planned programme on our website.

What help can you get for disabled adaptations or decorating?

If you are elderly or disabled then our adaptations scheme means you could make small changes in your home such as fitting handrails and small ramps. We also have a decorating scheme where you can get help for doing up your home, just call us or visit our website for more information.

Work in progress

Work in progress

Work in progress

When a tenant leaves a home what's the average cost of getting it ready for renting again?

An empty property that needs only basic repairs, cleaning and clearing costs around £2,283.00 to do. The properties that have been left in a worse condition and need extra work costs about £4,000.00 each.

This year we have carried out works to over 370 empty homes at a cost of just over £1.4 million.

After

After

What monitoring do you do to improve the service?

Since 2009 resident inspectors have been visiting empty properties that are ready to be re-let to new tenants. The inspectors agree on whether it is of a good standard and if not, the issues are then put right.

The resident inspectors made a number of changes to the set standards we need to meet and as a result decoration of halls and front doors are done if required. They are also now looking at how empty properties can be improved even more and how higher standards may affect the length of time it takes for the home to be let again.

Staff and contractors also meet monthly to look at performance information, survey results and feedback from both staff and residents - any low scores are highlighted and the reasons investigated.

	2009/10 Actual	2010/11 Target	2010/11 Actual	Trend	Target Achieved?
Empty home turnaround time	42 Days	28 Days	39 Days	▼	☹
Repairs - Completed within target - Emergency	99.6 %	98 %	99.8 %	▲	☺
Repairs - Completed within target - Urgent	99.7 %	97 %	99.7 %	▲	☺
Repairs - Completed within target - Routine	99.6 %	96 %	99.6 %	▲	☺

This year we have:

- Carried out 14,724 responsive repairs
- Replaced 130 bathrooms and 80 kitchens
- Installed double glazing in 132 homes
- Carried out 116 electrical rewires
- Replaced roofs on 230 homes

In 2010/11 we spent over £12.5 million on repairs and planned maintenance across all our homes.

Your Neighbourhood & Community

As residents you play the biggest role in helping to improve your neighbourhood. From reporting anti-social behaviour to helping keep the walkways and communal areas clean and tidy everyone has a role to play.

At Gallions we work hard to ensure that your safety, security and well-being are priorities. That is why our environmental services team, Team Gallions, works 365 days a year providing services such as rubbish and graffiti removal, grounds maintenance and management of parks, lakes and open spaces. Our wardens, who are in the community everyday, work in partnership with many local organisations, including the police, to make neighbourhoods safer.

This year we have:

- Removed 33 illegally parked or dumped cars
- Spent 3640 hours removing graffiti
- Collected 919 tonnes of general household rubbish
- Collected 508 tonnes of dumped waste for recycling
- Spent £665,254 on external cleansing

Look out for our new caretaker service in certain blocks around the neighbourhoods. 23 caretakers in their green jumpers will ensure that blocks are cleaned and kept as tidy as possible.

There were 898 reports of Anti Social Behaviour (ASB) this year.

Most reports of ASB are dealt with by getting neighbours together to resolve the issue which hopefully stops the problems from getting worse. However, in some cases this approach does not work and we have to take further action. This year Bexley Council obtained an Anti-Social Behaviour Order (ASBO) against an 18 year old who was living in Thamesmead and responsible for using and dealing drugs. The ASBO stopped him from being allowed in a certain area of Thamesmead which helped resolve the issues.

This year we also continued to investigate tenants subletting properties which resulted in us removing illegal residents from 54 properties.

Over this year Gallions has had cabling, heating systems, play equipment from parks, dry risers, paladin bins, drain covers, lightening conductors and lead flashings stolen from our neighbourhoods. The cost of this has been over £250,000 and has caused many issues for residents. If you do see anything suspicious then please do report it to us on **0300 123 1237** so we can stop this type of crime.

Michael Cleaver

Regeneration & Development

At Gallions we continue to build new homes and refurbish existing ones so more residents can have homes to suit their family's needs. Resident Editor Michael Pavis speaks to the Head of Regeneration, Michael Cleaver about Gallions plans for future developments.

What is the next phase of the Southmere Village development?

Phase 1 has seen 92 homes refurbished and 94 new homes were built in Phase 2. We have submitted a funding application for Phase 3 and we will find out if this has been approved by the end of the year. This phase will require demolition of 130 homes and the building of 291 homes. 62 for sale, 60 for Shared Ownership and the remainder for Affordable Rent. Residents moved out for the regeneration will have the chance to move into the new homes once they have been built.

At the southern end of Binsey Walk some residents have already been rehoused and as a result there are now some properties which are securely closed and ready for demolition in about 18 months time.

We will also be looking at how we can move other residents out whilst we continue the development work and depending on the type of tenancy that residents have, various options will be available. Residents involved will be written to nearer the time with full details.

The properties at the northern end of Binsey Walk are being worked on so that they can be let again as this area will not be developed until around 2016. There will also be some work carried out to make it better for residents until the regeneration in this area is ready to begin.

If you would like to know more or get involved, our Tavy Bridge Regeneration Resident Action Group meets monthly to help inform us and other residents about the development.

Are there any other regeneration projects in the pipeline?

There are some small projects such as Alsike Road: Argali, Dexter and Harlequin Houses. This project is currently a pilot and the plan includes demolition of run down garages, removal of foot bridges and podium decks to create a more open feel, better parking provisions, improve the entrances to the blocks and increase lighting and signage.

We are also working with the London Borough of Bexley and Trust Thamesmead to establish a plan for how to improve the outside spaces in southern areas of Thamesmead.

What schemes are available at the moment if you would like to buy your own home?

There are a number of schemes available, but the main scheme is Shared Ownership. The Shared Ownership scheme allows residents to buy a share of a property (usually 25%) and pay a subsidised rent on the remaining share, they also have to pay a small deposit. The aim is that over time the resident is able to purchase more shares in the property and eventually own it outright.

There is also a Rent to Homebuy scheme that allows residents to pay a reduced rent with the option to transfer to Shared Ownership at the end of three years, in which time they can save a deposit.

There is a new scheme, FIRSTSTEPS, where residents are offered a 20% equity loan by the Government and the developer. When the resident sells their property, they have to give back 20% of the sale price.

We currently have developments available in Crayford, Bexley, Newham, Tower Hamlets and Lewisham.

For more information about affordable home ownership visit www.firststepslondon.org.

What are Gallions doing to help the environment?

Gallions has taken part in pilot project called Retrofit for the Future, which looks at innovative ways to reduce household bills. We are also working on a project in Maran Way to see if we can find a cheap way of improving efficiency in our existing homes. All our new developments are built to a high environmentally friendly standard.

Gallions also has a specialist team that looks at how we can help the environment and encourage residents to do the same – hopefully to save them money on their household bills. Take a look at our green website www.welovegreen.co.uk for more information.

Mike Robinson

Getting Involved...

This year many residents have taken part in lots of activities either just for fun or to help us change services and improve neighbourhoods. Resident Editor Roberta Avwerosuo-Adeda speaks to Planning and Performance Manager, Mike Robinson, who tells us what Gallions have been doing and ways you can get involved.

Why should residents get involved and what can they do?
Because they are customers of Gallions but unlike regular customers, residents often do not have a choice of who provides their services. Being involved in what's going on is important so they can add to the choice of services they receive. There are many ways they can get involved from simply filling in a survey to attending a focus group, or even being a board member.

What focus groups do Gallions have?
There are several specialist residents groups at Gallions: Team Gallions Interest Group, Asset Management Focus Group, Gallions Residents Group, Friends of Thamesmead Parks and Resident Inspectors. There is a group for home owners too. There are also groups that are set up for a short period of time to look at certain projects (like this annual report writing group!) All these groups have set targets so they have a real impact.

What changes have residents made to Gallions services over the last year?
So much it's difficult to get through! Some of the main things were that residents helped choose the new lift service contractor, helped design reception at our Titmuss Avenue office, developed the new caretaker service, chose the new type of windows for replacement and Resident Inspectors improved the standard of empty properties so that new tenants have a nicer home to move into.

How do you let residents know what activities they can get involved in?
Our newsletter for residents, Thamesview, is sent out four times a year and is full of useful information and updates about our services and how each resident can get involved.

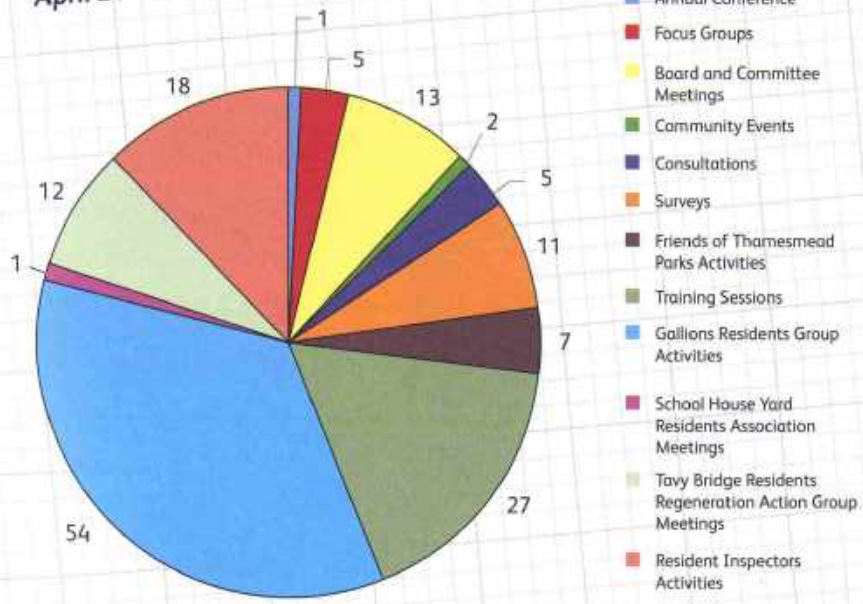

Some residents events this year....

Annual Residents Conference - October 2010

Family Fun and Benefits Day - February 2011

Friends of Thamesmead Parks - January 2011

Number of resident engagement activities April 2010 - March 2011

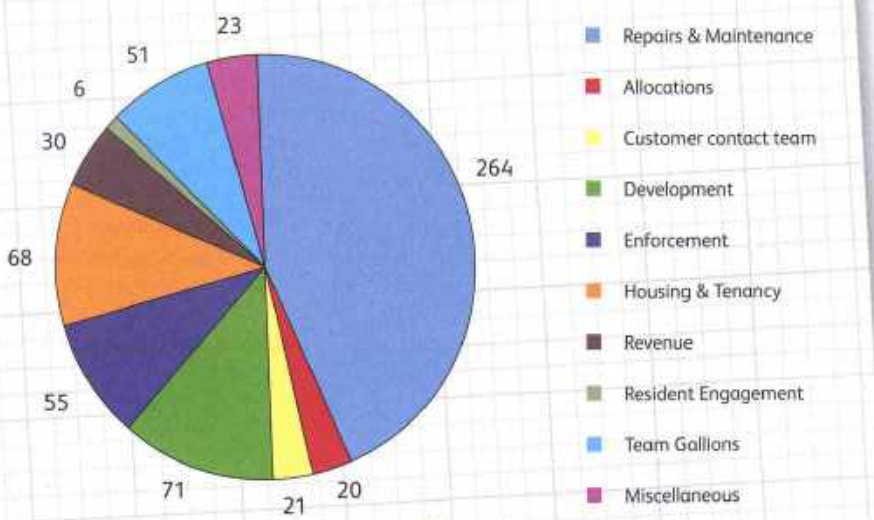

Our **Service** to You

Its important to us that we involve you in what we are doing and the changes to our service. We regularly update our website as well as send out a quarterly newsletter, Thamesview, which is also available to view online.

We also like to hear from you with feedback about how we can improve. To try and keep our service of a consistent nature our service promise is to:

- Get things right first time, every time - where we don't we will apologise and offer compensation where appropriate.
- Receive and respond to all feedback within 10 days - if you do not receive feedback within this timescale please contact us.
- Monitor resident satisfaction with services through surveys - a full survey was undertaken in 2010. A further survey is planned for 2012.
- Monitor the quality of services through our resident scrutiny panel.
- Continually improve our levels of performance and tell you how we are getting on in our next report.

Number of complaints by service area:

One area of improvement this year was to offer a more streamlined repairs service and we now have a dedicated repairs line. As this direct repairs service only began on the 4th April 2011 we are still working on the quality of the service and would welcome any feedback from you so we can continue to improve the service.

Customer Contact Team

Our Customer Contact Team answers calls from residents and are the faces you see at the reception desk at our office. This year we have moved into a new office at Titmuss Avenue (the old police station) so please try and pop in if you need anything.

Compliments & Complaints

When we make mistakes we try to correct them quickly.

This year we had 609 complaints. 226 of them were found to be justified complaints where issues had arisen or service was below standard. 28 complaints went to stage two of our complaints process where they were fully investigated and resolved with the resident.

Don't forget our new numbers are:

Customer contact team - 0300 123 1237
Repairs contact team - 0300 123 1238

This year we have:

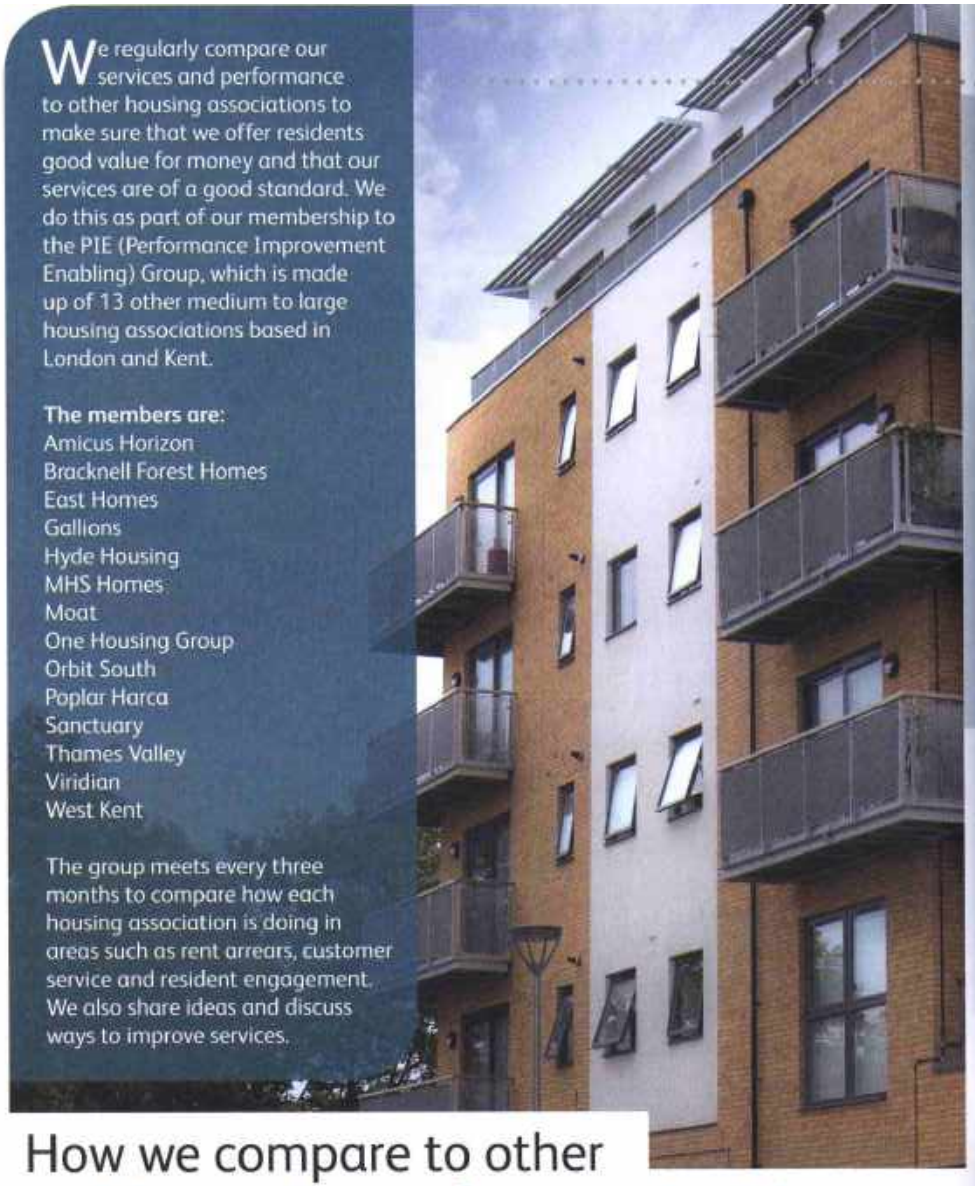

- Answered 81,013 calls from our residents
- Had over 12,000 visitors to reception

	2009/10 Actual	2010/11 Target	2010/11 Actual	Trend	Target Achieved?
Incoming calls answered	96.4%	96%	93.3%	▼	☹
Calls answered within target	83.7%	80%	85.5%	▲	☺

We regularly compare our services and performance to other housing associations to make sure that we offer residents good value for money and that our services are of a good standard. We do this as part of our membership to the PIE (Performance Improvement Enabling) Group, which is made up of 13 other medium to large housing associations based in London and Kent.

The members are:
Amicus Horizon
Bracknell Forest Homes
East Homes
Gallions
Hyde Housing
MHS Homes
Moat
One Housing Group
Orbit South
Poplar Harca
Sanctuary
Thames Valley
Viridian
West Kent

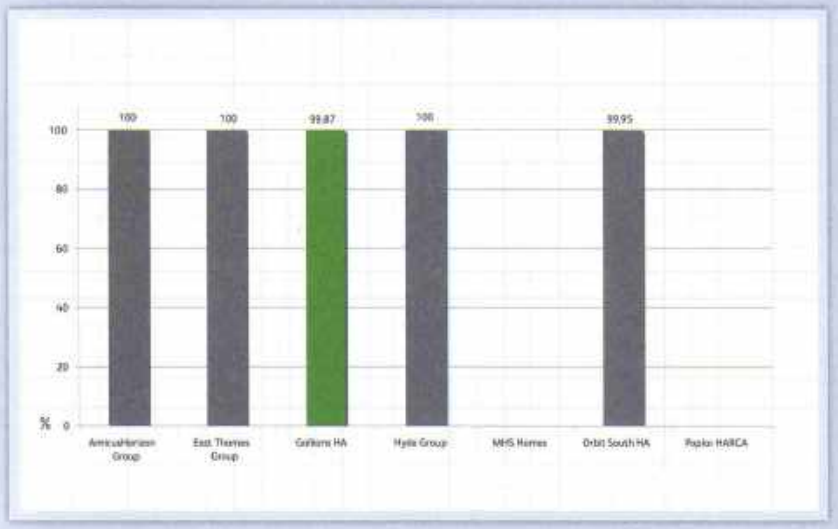

The group meets every three months to compare how each housing association is doing in areas such as rent arrears, customer service and resident engagement. We also share ideas and discuss ways to improve services.

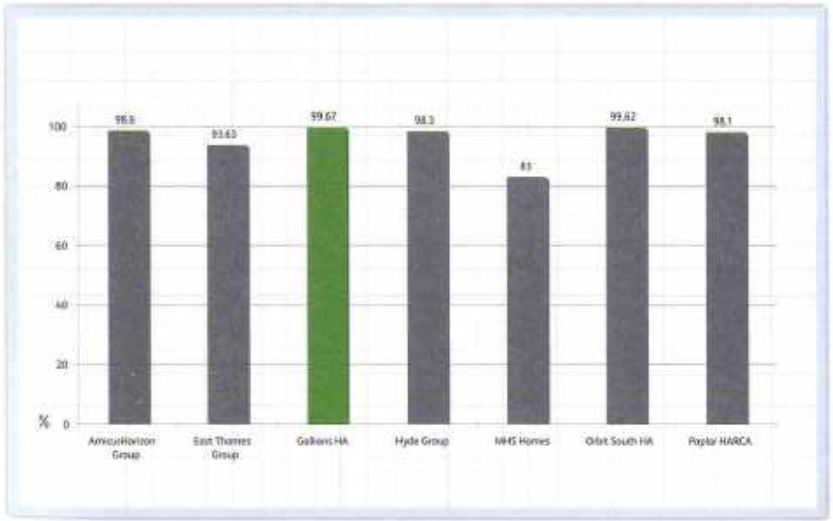

How we compare to other Housing Associations

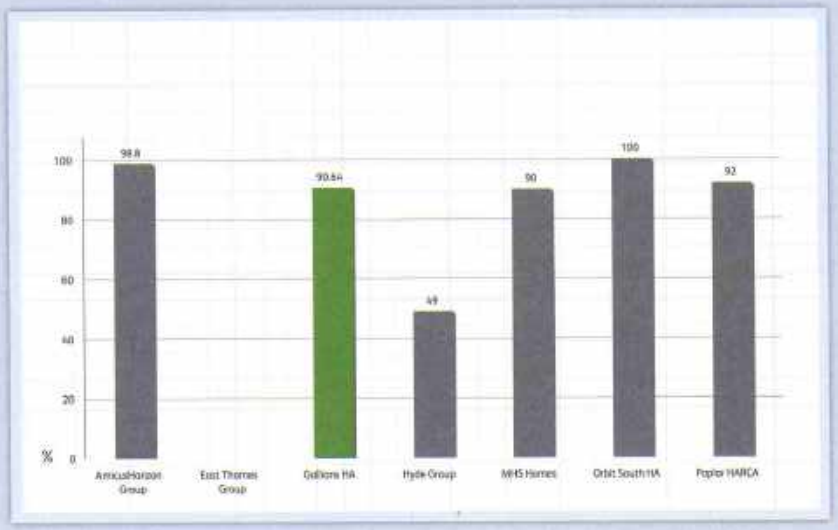

Rent Collection Rate

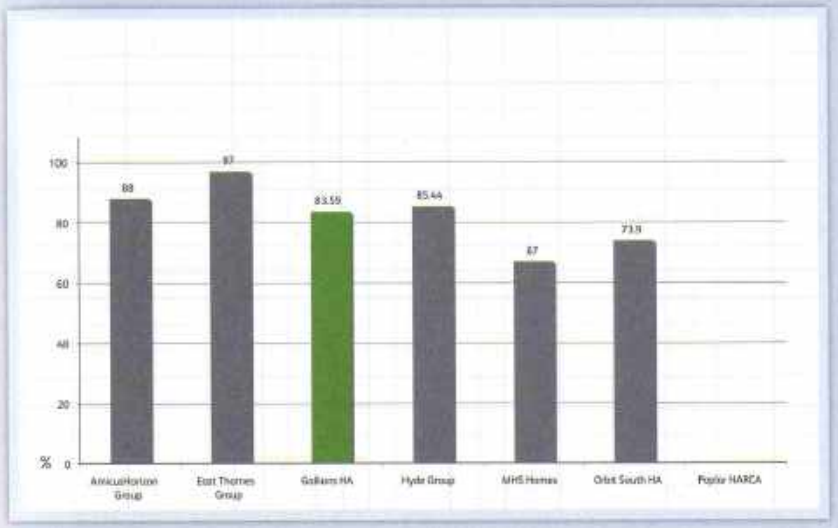

Emergency Repairs Completed On Time

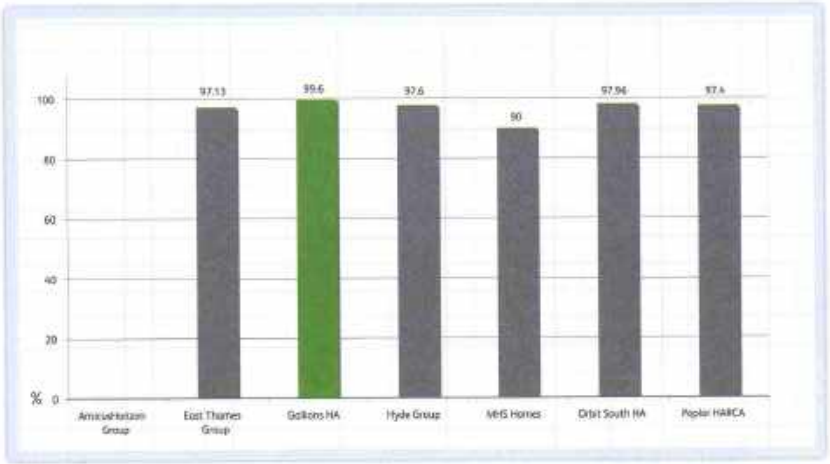

Complaints Answered Within 10 Days

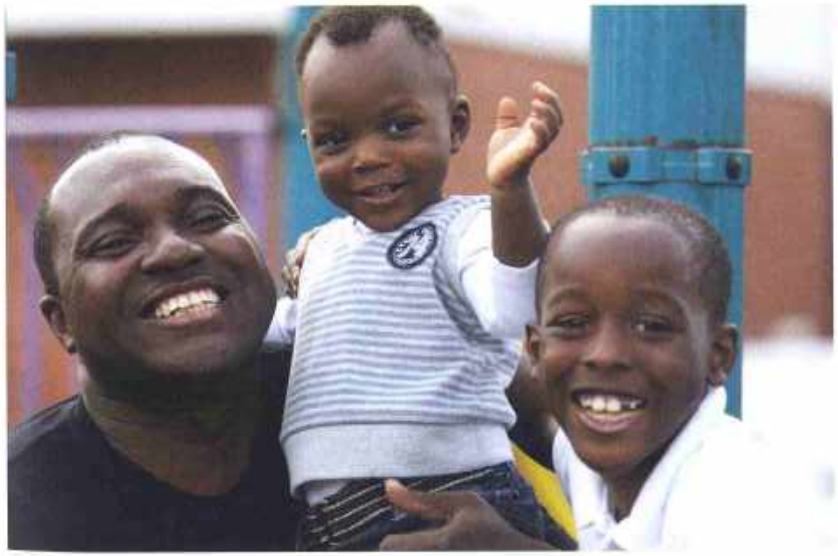

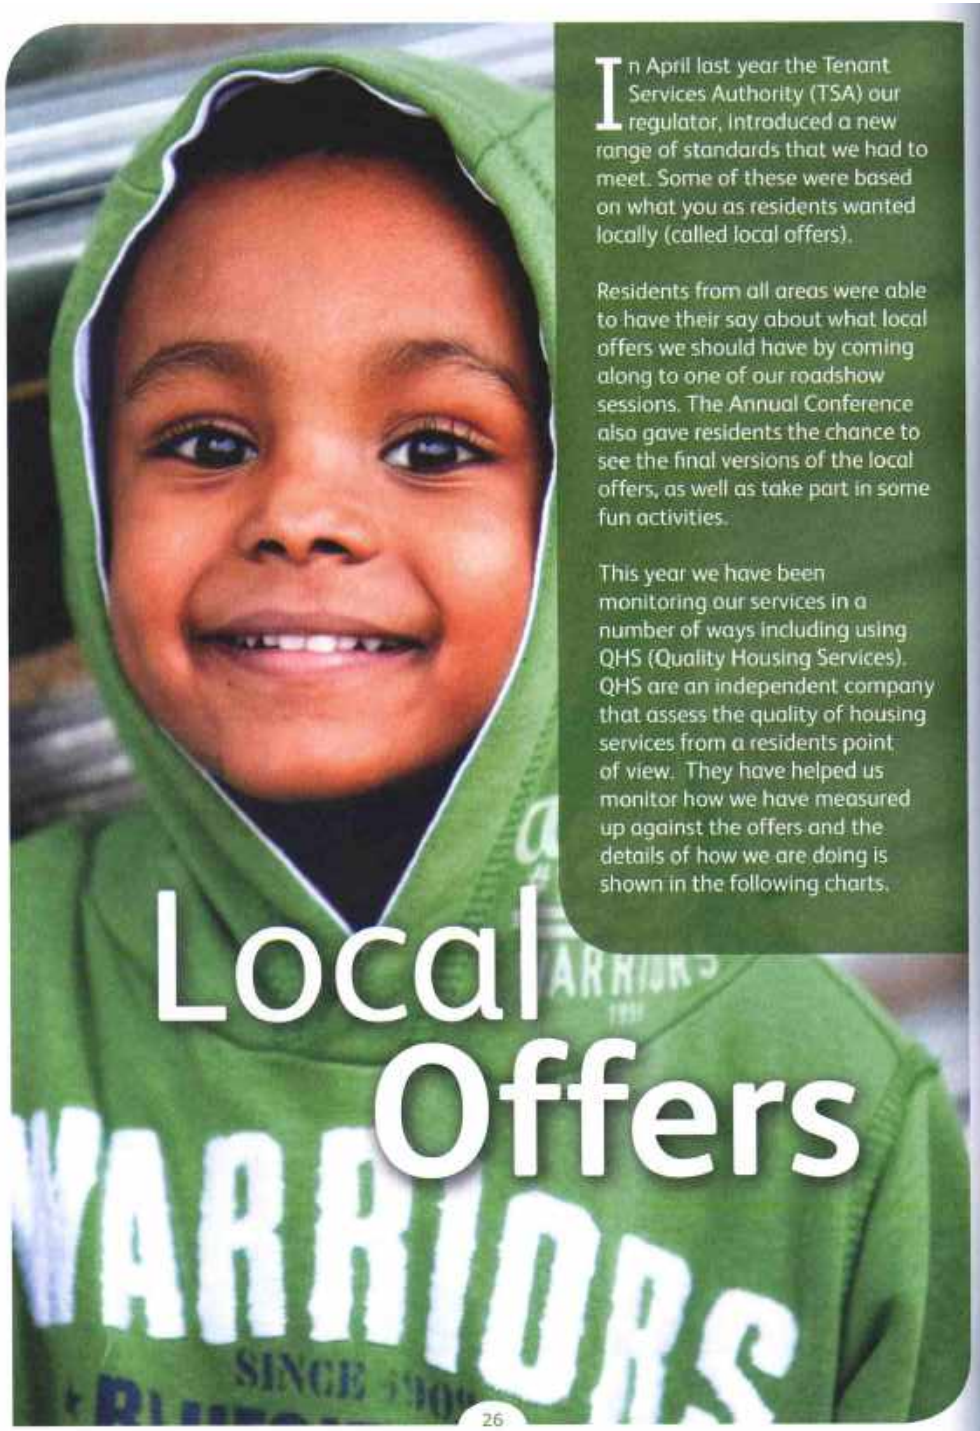

Calls Answered Within Target

Routine Repairs Completed On Time

Local Offers

In April last year the Tenant Services Authority (TSA) our regulator, introduced a new range of standards that we had to meet. Some of these were based on what you as residents wanted locally (called local offers).

Residents from all areas were able to have their say about what local offers we should have by coming along to one of our roadshow sessions. The Annual Conference also gave residents the chance to see the final versions of the local offers, as well as take part in some fun activities.

This year we have been monitoring our services in a number of ways including using QHS (Quality Housing Services). QHS are an independent company that assess the quality of housing services from a residents point of view. They have helped us monitor how we have measured up against the offers and the details of how we are doing is shown in the following charts.

TENANT INVOLVEMENT AND EMPOWERMENT

	Gallions Local Offers	How it is measured	Has it been achieved?
Offices	We will ensure that our staff are friendly and offices accessible by all	QHS Audits (6 monthly) QHS Customer Polling (monthly)	No We were only 1 % off the target for this area in our last audit. We have recently carried out a consultation with residents in our office to help us improve.
Accessibility	Telephones are answered within 4 rings Letters and emails will be responded to within 14 days Interpretation services and type talk are made available	QHS Audits (6 monthly)	Yes
Information	All documentation is accurate and up to date Copies available on request	QHS audits (6 monthly)	Yes
Complaints	We will apologise when we have made a mistake We will tell you what we have learned from complaints in our Annual Report	Satisfaction surveys after every complaint	Yes (according to KPI performance: satisfaction with outcome and satisfaction with the process)
Involvement	We will make it easy to get involved and respond to requests for information within 4 days We will develop a range of consultation methods to help you shape our services	QHS audits (6 monthly)	No The response to requests for information in 4 days is something that will be implemented in the future. A consultation method is being developed.

NEIGHBOURHOOD AND COMMUNITY

	Gallions Local Offers	How it is measured	Has it been achieved?
Team Gallions	We will develop internal and external cleansing standards with residents and report on them monthly We will report on how we are doing in our Annual Report	Keep Britain Tidy (monthly) Resident Inspectors (bi monthly)	Yes
Anti-Social Behaviour	We will make it easy to report ASB and keep you up to date on progress We will support you if you report ASB	Satisfaction surveys after every report QHS Customer Polling (monthly) QHS Audits (6 monthly)	Yes
Behaviour	We will make it clear at sign up how we expect our residents to behave	QHS Customer Polling (monthly) QHS Audits (6 monthly)	Yes

HOME

	Gallions Local Offers	How it is measured	Has it been achieved?
Repairs & Maintenance	You can speak directly to Axis staff to report a repair during office hours	Resident Surveys (every 2 years)	This is a target for 2011/2012 as Axis only started answering calls in April 2011
Aids & Adaptations	We will provide a range of choices wherever possible We will ensure that vulnerable customers needs are taken into account We provide an aids and adaptations service	QHS Customer Polling (monthly) QHS Audits (6 monthly)	Yes

TENANCY

	Gallions Local Offers	How it is measured	Has it been achieved?
Applying for a home	We will make it easy to apply for a home We will provide assistance with the application if you require it We will keep you up to date on progress	QHS Customer Polling (monthly) QHS Audits (6 monthly)	Yes
Paying your rent	We will provide a summary of full rent charges We will explain how to pay your rent We will explain the frequency of payment	QHS Audits (6 monthly)	Yes
