Welcome . . .

Welcome to this year's Thamesmead Town Show. I do hope that you, your family and friends have a very happy and enjoyable day out together. Your enjoyment will be reward enough for the many people who have been working hard to prepare for this occasion during the past few months.

I hope that you will notice that many of the stalls, side-shows and events are home produced this year. You may be surprised to realise that there are so many community groups here in our Town, all of which help to make Thamesmead a good place in which to live and bring up our families. I am sure that those behind the stalls will be pleased to tell you more about their activities throughout the year and welcome new members.

This is your Town and your Town Show. You may have some criticisms and suggestions for the future and they will be welcome. We may only have a rather small scale show this year but with your help and enthusiasm we can only improve as we get to know one another better and build up the life of our community.

Christopher M. Byers.

TOWN & COUNTRY REFUSE COLLECTIONS

TRANSFER STATION
TRADE INQUIRIES WELCOMED

01-310 5151 (5 lines)

DAILY REFUSE COLLECTIONS

4/5 HARNESS ROAD
WOOLWICH INDUSTRIAL ESTATE.
LONDON SE28 0AP.

7 DAYS SKIP HIRE

Thamesmead now has a refuse transfer station for trade waste. Town & Country Refuse Collections, which is headed by Ian Leighton, have added to the dustcart and skip lorry business a transfer station for trade refuse. This refuse business was taken over by Ian Leighton 4 years ago and has been built into a hive of activity. The dustcarts collect waste from supermarkets, restaurants, shopping centres, offices, factories, hotels and pubs, from as far North as Hertford, Ware, St. Albans, Watford and Hatfield to Croydon and Sutton in the South, and from Weybridge, Letherhead in the West to Southend in the East.

The secret of success, says Ian, is flexibility and good service. All a customer requires is to get rid of his rubbish. You keep his premises clean and you hold your client, let him down and you lose him.

The transfer station is currently serving the areas around Thamesmead and the station, which stands on a site of nearly 4 acres, is well laid out and very well maintained. Many of the local skip firms are using this site for disposing of their refuse and the site, which is capable of turning around over 1,000 tons a day, is one of the few transfer stations where the order of the day is 'AS SOON AS THE REFUSE ARRIVES IT IS REBULKED TO THE LAND FILL SITES OF ESSEX'. It is suggested that if you have a refuse problem call TOWN & COUNTRY'S HOT LINE, 310 5151 and they will deal with it immediately.
