Biggest ever arts festival!

Thamesmead will be alive with the sound of music, dance and theatre this summer.

Building on the success of last summer's event this year's festival is being expanded, running through June, July and August, and spreading across the town into Birchmere and Southmere Park, The Moorings and the town centre.

There will be live world music, international street acrobats, digital arts, nature & sports, outdoor live theatre, kid's activities and lots of family friendly things to do, many of them free. You'll also be able to enjoy a wide selection of street food from local vendors.

On June 30 at The Moorings, as part of the Greenwich+Docklands International Festival, celebrated French circus company, Compagnie XY (pictured), will be sharing their unique and inclusive approach to acrobatics in ways which will both surprise and amaze you.

Other highlights include the Lakeside Festival on July 6 at Southmere Lake. This free event will feature music and dance from local and international artists, food and design markets, a lively children's area and the stunning Transe Express aerial circus.

More green spaces for all to enjoy

The public spaces in the Parkview and Southmere areas are getting a facelift following resident feedback.

You said you want more colour and planting, upgraded play areas, improved lighting, seating and better walkways. We have created designs to make these improvements with work beginning this summer.

A number of large trees that have outgrown the space, or were in poor condition, have been removed to make way for new ones to create shady places to sit and relax.

Many of these areas do not have a name, so we need your help to choose one. Get thinking and watch out for more information on how you can name a green space.

Young ambassadors

It's been a busy month for the Thamesmead Young Ambassadors who have been learning a range of different skills to help them become key members of the community as they grow up.

One of the main activities was a public speaking workshop designed to build confidence and learn how to use the power of your voice to speak with clarity and conviction. Others took part in the Unleashed! music production workshops (pictured).

Nine Young Ambassadors also completed a Health and Safety Level 2 qualification while 14 young people received a Level 3 Basic Life Support qualification.

The Thamesmead Young Ambassadors programme is open to anyone aged 11-25. The group meet weekly on Wednesdays from 6pm–8.30pm at The Link, Bazalgette Way, to discuss current issues, undergo training in leadership, develop campaigns and volunteer their time.

On course

Peabody are partnering with a number of organisations this year to deliver new courses in Thamesmead.

Our skills team have put together a questionnaire to help understand which courses you are most interested in. We will then work with local providers to deliver bespoke courses.

If you would like to participate in this questionnaire, please follow this link: **www.surveymonkey.com/r/M9Y5NZJ** If you'd like to complete it by phone contact Christine Carrasco via **Christine.carrasco@peabody.org.uk** or call 0203 828 4683.

Summer fun

This summer there will be lots of events and activities taking place for young people, from children aged 5 to 25-year-olds, including cookery and music workshops, football sessions, and trips outside of Thamesmead.

Peabody are putting together a summer activity brochure which will be distributed all around town so look out for it!

You'll be able to pick one at The Link on Bazalgette Way. For further information, contact Christine Carrasco via **Christine.carrasco@peabody.org.uk** or call 0203 828 4683.

Go wild this summer at the Tump

Tump 53 will be welcoming local wildlife fans on Saturday, June 22 with its much-anticipated Summer Open Day.

The nature reserve's education programme is already going from strength to strength and is fully booked until the end of the Summer.

The programme helps school children and young people connect to nature and supports them in learning about habitats, plants, life cycles and ecosystems; as well as promoting independence and resilience.

By the end of the year more than 2,000 youngsters will have taken part and they'll be more opportunities at our regular open mornings, more of which will be announced soon. Keep an eye out for details.

Messing about by the river

After being closed for four months for improvement works one of Thamesmead's greatest assets, and some might say biggest secrets, The Thames Path, is open once again.

The project was delivered in partnership with Peabody (including Tilfen Land) and the London Borough of Bexley with TfL funding. The investment is already paying off with more local people cycling, walking, jogging, bird and nature watching alongside the river, all with the dramatic backdrop of the City skyline behind them.

Yarnton Way news

As part of ongoing improvements, Peabody is planning to make landscape improvements around the towers in Kale Road (Masham, Jacob, Clydesdale, Trefoil, Timothy and Muscovy). Following resident feedback this will include removing the existing garages, walkways and the footbridge across Yarnton Way.

Clearing this section of the wall will help to make the neighbourhood easier to move around and reduce anti-social behaviour. It will also improve walking routes and free up more usable space for residents.

We are aiming to make a planning application to Bexley Council at the start of June to begin the wall removal by the Summer 2020.

The landscape of the area will be transformed with: new play areas; new parking; planting of new trees; meadow planting for seasonal colour; new routes linking the towers and a more open walking route along Yarnton Way.

Competition winner, Simon Sinebe (pictured right) with his big brother, Lucas

Feel the love

The Self Love in Thamesmead project by FI:SH was created to inspire, educate and spread awareness on the very important topic of self-love, in a fun and engaging way.

The well-deserved winner of the treasure hunt was five-year-old, Simon Sinebe, who had a great time reading the clues and finding the messages with his Mum, as well as telling FI:SH what he loved about himself (one of the competition questions).

Simon's Mum said: "The way his face lit up when he received his prize was priceless. It helped him talk about his frustrations and made him come out of his shell." His prize was a £30 local book voucher, a £20 Amazon voucher and a FI:SH bookmark.

Help with parenting at hand

Would you like some guidance and support to assist you with parenting and discuss with a supportive group of fellow parents any difficulties you might be having?

There are different options available locally that can give you tools and techniques to try at home, so get in touch to find out about the most suitable course for you.

Moorings clean up

As part of our ongoing work with ward councilors and Greenwich Council, the Moorings is looking a lot cleaner. This is thanks to the partnership of Peabody Wardens and the Moorings Neighbourhood Forum, who highlighted waste around the area and behind shops.

All the retailers were contacted and agreed to remove the mess, employing contractors to clear it away.

If you'd like your say about what else can be done to improve the area the Moorings Neighbourhood Forum is running a survey to understand residents' priorities and concerns. You can complete it online at: **www.surveymonkey.co.uk/r/F6ZDMYG**

You can also contact the Forum to find out about upcoming meetings or get involved at 07710 381 436; **mooringsnf@gmail.com** or by visiting **mooringsneighbourhoodforum.home.blog**

Exciting new chapter for Southmere

Bexley Council has granted planning permission for the new library at Southmere Lake with work on this exciting new local facility due to start in the new few weeks as part of the area's regeneration.

Matt Foulis, Peabody's Head of Estate Regeneration in Thamesmead, said: "The library building will be a significant community asset for existing and new residents alike. Sited on the edge of Southmere Lake the library will be the focal point of the new civic square we are building and complement the shops, cafes and restaurants which are planned."

After extensive consultation with residents, Peabody has begun work on Southmere Village with an aim to complete by 2022. Contractors are progressing well with the demolition of Binsey Walk and we aim to have detailed planning permission for the site by the end of 2020.

To deliver our wider regeneration strategy, we will need to demolish further buildings along Harrow Manor Way, including Coralline Walk, Chiva Chicken Hut and the Premier Express Manorway Store.

This will allow hundreds of new affordable homes and commercial premises to be built as well as enabling the highway improvements along Harrow Manorway to be completed.

Horse sense

We've seen a lot of reports of wandering horses and ponies fly-grazing recently and so want to tell what to do if you come across an unattended animal.

The horses may not have been abandoned, but the land is being used illegally and contributes to poor horse welfare. We take robust measures to find owners of horses fly-grazing on our land and get the animals moved, preferably by the owners or as a last resort we will instruct bailiffs to remove them.

Anyone who is concerned about horse welfare should call the RSPCA on 0300 123 4999 or the British Horse Society (BHS) on 02476 840517. Officers from both these

organisations make periodic visits to the area to check on animals and will contact Peabody if they are concerned about a horse on Peabody land. We also have a dedicated Equine Officer, John Wilson, who can be contacted at **john.wilson@peabody.org.uk** or on 07711 001375.
